

... the fun news, the reunion. As previously mentioned, we have been working with Colonel Kelly Holbert, of the current 43rd, with Pope Field. He would like this to be "43rd Centric", his exact words. We agree! We will be participating in the dedication of a POW - MIA bench at Pope Air Field and, while it is not Jimmy's bench at Arlington, it's sure a fantastic start! We will also be helping with the burial of the time capsule that a lot of you participated in several years ago. As for our POW medal presentation, the details of that will be announced at a later date but that too will take place at Pope Field and will be handled by Colonel Holbert and the current 43rd.

Sincerely,

Susan Clark Lanson
